URGENT AID FOR IMMIGRANTS
Interracial Council Proposes Find Work for Newcomers
Washington, Oct. 19.—Immigrants arriving at Ellis Island and other immigration stations should be given the opportunity to locate work as soon as they arrive, and to do this the various states should have representatives at the immigration stations to direct newcomers to places of employment, the Interracial Council declares in a communication to members of Congress today. William H. Barr, president of the council, in presenting the question to members of Congress and asking that they use their influence with state governments, says that the government does nothing to bring the immigrant in contact with the job.

Fatally Stricken by Heart Disease
Bridgeton, N. J., Oct. 19.—Morris Davis, commissioner of public safety, died suddenly at his home here early this morning. He had been suffering from heart trouble for some time and overexertion in connection with a business trip in Kansas, from which he returned late last evening, is believed to have hastened this morning's fatal attack. Davis was formerly postmaster of Bridgeton, deputy collector of internal revenue, and in 1912 was the Republican candidate for state senator from Cumberland county.
